
SNOW!

Posted by chloe - 2009/02/06 01:59

It's mainly turned to slush now but I loved the snow this week. It's so rare to get proper snow by the coast.

I have seen many terrible attempts at snow men! :P

Can anyone remember the last time Bournemouth had proper snow?

Hello - In the latter years I can remember snow drifting almost half the way up my front door in about 1976 and then there was a freeze and my children were using there skates outside our house in about '79 but it's all been short lived hasn't it? I'd love it to snow at the weekend so I could go for a walk in it!
